DETAILED DESCRIPTION

- **High Energy Conversion Rate:** Built with monocrystalline solar cells, the VTOMAN 220W Solar Panel can convert up to 23% of sunlight into solar energy, charging your solar generators even in bad weather.
- **3-in-1 Multiple Supply Modes:** VTOMAN VS220 Pro portable solar panel is built-in a universal MC4 interface that works for most power systems. It also comes with a 3-in-1 adapter for converting the MC4 to Anderson/XT60/DC5521 interfaces.
- **High-end Material Protection Design:** Utilizing an advanced glass fiber and lamination technique, each monocrystalline silicon cell is meticulously crafted to safeguard the panel and optimize its performance.
- **Engineered to Withstand the Elements:** With an IP67, the solar cells can withstand environments from humid and wet to dry and dusty. Our VS220 Pro solar panel continues to harvest energy even during rainy conditions
- **Easy Set Up With Kickstand:** The Vtoman 220W solar panel comes with 2 adjustable brackets, allowing for quick installation on the ground. Additionally, the positioning of the solar panel can be adjusted based on the angle of the sun, enabling faster and more efficient charging.
- **Easy To Carry:** It's only 19.5 lbs in weight with comfortable grip & adjustable kickstands (Folded size: 26.4*23.7 Inch). It is a great choice for camping, RV, and even emergency power supply for households.
